Dear Roo,

Courtesy of a grubby typewriter and my equally obnoxious typing technique, I send thee this epistle to notify you that George has gone the way of all good Production Directors to the Happy Hunting Ground of Program Director.

One of the more onerous tasks which fall to his successor is that of trying to get the shows for next year lined up with the new Program Director breathing down my neck and demanding the impossible which he had such a winning way of pulling out of the air.

Anyway, I want to get this year's business cleared up and on to bigger and better things as soon as possible. This entails a few questions to you. To wit:

Do we owe you any tapes? If so, how many, and what size?

Is Miss Herty's golden voice again going to grace the airways of WPRU (Compleat with new transmitter, I hope) next year.

If so (my devout wish), when will the first show be ready? If no can do before the week of Sept. 21, would it be possible to send us a first show before the end of this year.? As a matter of fact, it would be nice if you could send us a show beamed directly at freshmen which could be played during the week of Sept. 14. Es possible?

Good luck in examens, etc.

Questingly yours,

Johnny

John A. Walker
Production Director !
